**Gender:** Male  
**Height:** 72.0 inches  
**Body Shape:** Triangle  
**Color Preference:** Earthy tones  
**Accessories:** I do not wear accessories

## Analysis Report

Color and Style Recommendation Report for Ali

### 1. Personal Color Season Analysis

Based on the provided data, including skin, hair, and eye RGB values, and considering the age of 22, a determination of Ali's personal color season is as follows:

- \* **Undertone:** Neutral-Warm (Inferred from skin RGB values:  $R > G > B$ , with a slightly warm skin hue of 21.05)
- \* **Contrast Level:** Medium (Inferred from hair RGB and eye RGB, suggesting a medium contrast between features)

Season: Autumn (Specifically, likely a Soft Autumn or Warm Autumn\*, given the preference for earthy tones and the neutral-warm undertone.)

### 2. Best Color Combinations

Considering an Autumn color season and a preference for earthy tones, the following color combinations are recommended:

- \* **Monochromatic:** Varying shades of olive green, rust, or brown for a sophisticated and harmonious look.
- \* **Analogous:** Combining colors adjacent to each other on the color wheel, such as mustard yellow, burnt orange, and russet red.
- \* **Complementary:** Pairing earthy neutrals with teal or peacock blue for a striking contrast.
- \* **Triadic:** Using a triad of warm, muted tones such as olive green, terracotta, and mustard yellow.

### 3. Style Recommendations Based on Body Shape

Given a triangle body shape (wider hips than shoulders), the following style recommendations are

provided to create a balanced silhouette:

- \* **Upper Body Emphasis:** Wear clothing that adds volume or draws attention to the upper body. This can be achieved with structured shoulders, horizontal stripes, or details like epaulets on jackets and shirts.
- \* **Darker Bottoms:** Opt for darker colored pants, trousers, or jeans. Avoid light colors or patterns on the lower body, as these will emphasize the wider hips.
- \* **Straight or Bootcut Pants:** These styles create a straighter line from hip to hem, balancing the wider hips. Avoid skinny jeans, which can accentuate the triangle shape.
- \* **Layering:** Use layers such as vests or open jackets to add structure to the upper body and create a more balanced proportion.

#### **4. Accessory Suggestions**

Given a stated lack of accessory use, the following suggestions are provided to enhance Ali's style, keeping in mind the Autumn color season:

- \* **Leather Belt:** A high-quality leather belt in brown, tan, or olive green can define the waist and add visual interest.
- \* **Metal Accents:** Choose accessories with gold, bronze, or copper tones, complementing the warm undertones of the Autumn season. Consider a watch with a leather band.
- \* **Scarves:** Scarves in earthy patterns and warm colors can add a touch of sophistication and visual interest to the upper body.
- \* **Eyewear:** Consider glasses or sunglasses with frames in warm tortoiseshell or metallic finishes.

#### **5. Makeup Color Recommendations**

Considering the Autumn color season, the following makeup recommendations are provided:

- \* **Foundation/Concealer:** Select a foundation and concealer with a neutral-warm undertone.
- \* **Eyeshadow:** Choose eyeshadows in warm browns, golds, bronzes, greens, and terracotta.
- \* **Eyeliner:** Use brown or charcoal eyeliner for a softer look than black.
- \* **Lip Color:** Opt for lip colors in warm nudes, berries, and muted reds. Avoid cool-toned pinks.
- \* **Facial Hair:** Consider maintaining a well-groomed beard, as indicated by the "Facial hair" description with high confidence from the model, to enhance the masculine features.
